MEMORANDUM FOR: Inspector General

SUBJECT :

25X1A9a

1. The Director of Personnel has investigated the case of [REDACTED] and based upon his findings has recommended that [REDACTED] financial burden be alleviated by utilizing his services on a part-time basis during the time he is hospitalized.

2. PE Division is in agreement with this proposal and is taking immediate action to see if such arrangements can be worked out satisfactorily. It has not been determined at this time how much money is needed by [REDACTED] to provide for his family during his illness. PE is obtaining this information and should the part-time work not prove to be a satisfactory solution and extra help is needed, [REDACTED] will be encouraged to apply to the Public Service Aid Society for assistance.

Signed

L. K. WHITE
